

Employee Handbook

ABOUT THIS HANDBOOK/DISCLAIMER

We prepared this handbook to help employees find the answers to many questions that they may have regarding their employment with Veterans Health Foundation. Please take the necessary time to read it.

We do not expect this handbook to answer all questions. Supervisors and Human Resources also serve as a major source of information.

Neither this handbook nor any other verbal or written communication by a management representative is, nor should it be considered to be, an agreement, contract of employment, express or implied, or a promise of treatment in any particular manner in any given situation, nor does it confer any contractual rights whatsoever. Veterans Health Foundation adheres to the policy of employment at will, which permits the Company or the employee to end the employment relationship at any time, for any reason, with or without cause or notice.

No Company representative other than the President and/or the CEO may modify at-will status and/or provide any special arrangement concerning terms or conditions of employment in an individual case or generally and any such modification must be in a signed writing.

Many matters covered by this handbook, such as benefit plan descriptions, are also described in separate Company documents. These Company documents are always controlling over any statement made in this handbook or by any member of management.

This handbook states only general Company guidelines. The Company may, at any time, in its sole discretion, modify or vary from anything stated in this handbook, with or without notice, except for the rights of the parties to end employment at will, which may only be modified by an express written agreement signed by the employee and the President and/or the CEO.

This handbook supersedes all prior handbooks.

Section 1 - Governing Principles of Employment

1-1. Introduction

For employees who are commencing employment with Veterans Health Foundation ("Veterans Health Foundation" or "the Company"), on behalf of Veterans Health Foundation, let me extend a warm and sincere welcome.

For employees who have been with us, thanks for your past and continued service.

I extend my personal best wishes for success and happiness here at Veterans Health Foundation. We understand that it is our employees who provide the services that our customers rely upon, and who will enable us to create new opportunities in the years to come.

Alanna Caffas, CEO

1-2. Equal Employment Opportunity

Veterans Health Foundation is an Equal Opportunity Employer that does not discriminate on the basis of actual or perceived race, color, creed, religion, national origin, ancestry, citizenship status, age, sex or gender (including pregnancy, childbirth and pregnancy-related conditions), gender identity or expression (including transgender status), sexual orientation, marital status, military service and veteran status, physical or mental disability, genetic information, or any other characteristic protected by applicable federal, state or local laws and ordinances. Veterans Health Foundation's management team is dedicated to this policy with respect to recruitment, hiring, placement, promotion, transfer, training, compensation, benefits, employee activities, access to facilities and programs and general treatment during employment.

The Company will endeavor to make a reasonable accommodation of an otherwise qualified applicant or employee related to an individual's: physical or mental disability; sincerely held religious beliefs and practices; and/or any other reason required by applicable law, unless doing so would impose an undue hardship upon the Company's business operations.

Any applicant or employee who needs an accommodation in order to perform the essential functions of the job should contact the President and/or the CEO to request such an accommodation. The individual should specify what accommodation is needed to perform the job and submit supporting documentation explaining the basis for the requested accommodation, to the extent permitted and in accordance with applicable law. The Company then will review and analyze the request, including engaging in an interactive process with the employee or applicant, to identify if such an accommodation can be made. The Company will evaluate requested accommodations, and as appropriate, identify other possible accommodations, if any. The individual will be notified of The Company's decision regarding the request within a reasonable period. The Company treats all medical information submitted as part of the accommodation process in a confidential manner.

Any employees with questions or concerns about equal employment opportunities in the workplace are encouraged to bring these issues to the attention of the President and/or the CEO. The Company will not allow any form of retaliation against individuals who raise issues of equal employment opportunity. If employees feel they have been subjected to any such retaliation, they should contact the President and/or the CEO. To ensure our workplace is free of artificial barriers, violation of this policy including any improper retaliatory

conduct will lead to discipline, up to and including discharge. All employees must cooperate with all investigations conducted pursuant to this policy.

1-3. Pittsburgh Pregnancy Accommodation

In compliance with the Pittsburgh City Code, Veterans Health Foundation will not discriminate against employees because of pregnancy, childbirth or related medical conditions and events. The Company will endeavor to reasonably accommodate employees affected by pregnancy, childbirth or related medical conditions as well as employees who are the partner of a person who is pregnant or affected by a related medical condition in order to allow the employee to perform the essential duties of the job unless doing so will impose an undue hardship on the business.

Accommodations

Such accommodations may include but are not limited to: modifications or adjustments to the employee's work station, including seating accommodations; work schedule modifications, including additional water, bathroom, rest and lactation-related breaks; modified job requirements or job reassignment, including light duty work; or providing unpaid leave.

Request for Accommodation

Any employees who need to request an accommodation due to pregnancy, childbirth or a related medical condition should contact the Program Support Specialist. They will review the request and send to the CEO upon completion. If employees who requested an accommodation have not received an initial response within five (5) business days, employees should contact the CEO.

After receiving a request for an accommodation due to pregnancy, childbirth or a related medical condition or otherwise becoming aware that employees require such an accommodation, the Company will engage in an interactive process with employees. Even if employees have not formally requested an accommodation, the Company may initiate an interactive process under certain circumstances, such as when the Company has knowledge that the employee's performance at work has been negatively affected and also has a reasonable basis to believe that the issue is related to the employee's or their partner's pregnancy, childbirth or related medical condition, in compliance with applicable law.

Interactive Process

The interactive process may take place in person, by telephone or by electronic means such as e-mail. As part of the interactive process, the Company will communicate with the individual in order to determine whether and how the Company may be able to provide a reasonable accommodation. To the extent necessary and appropriate based on the request, the Company will attempt to explore the existence and feasibility of alternative accommodations as well as alternative positions for the individual. The Company is not required to provide the specific accommodation sought by an individual, provided the alternatives are reasonable and either meet the specific needs of the individual or specifically address the individual's limitations.

As part of the interactive process, the Company reserves the right to request medical documentation, to the extent permitted by applicable law. If the Company believes that the provided documentation is insufficient, and before denying the request based on insufficient documentation, the Company reserves the right to request additional documentation from the employee or, upon the employee's written consent, speak with the health care provider who provided the documentation. As applicable, the employee whose time off is covered by the Family Medical Leave Act (FMLA) may also be required to provide medical documentation, depending on the circumstances of the leave request, pursuant to federal law.

At the conclusion of the interactive process, the Company will provide written notice to the employee in a timely manner indicating that the Company:

- will be able to offer and provide a reasonable accommodation,
- will not be able to provide a reasonable accommodation to the employee because there is no accommodation available that will not cause an undue hardship on Company operations, or
- will not be able to provide a reasonable accommodation to the employee because no accommodation exists that will allow the employee to perform the essential requisites of the job.

The Company will not retaliate or take any adverse employment action against any employee because the employee requested a reasonable accommodation under this policy, opposed a discriminatory act prohibited by the Code, made a complaint of discrimination under the Code; or testified or otherwise assisted or participated in an investigation by or proceeding before the Pittsburgh Commission on Human Relations.

Employees with questions or concerns regarding this policy should contact the CEO.

1-4. Non-Harassment

It is Veterans Health Foundation's policy to prohibit intentional and unintentional harassment of or against job applicants, contractors, interns, volunteers or employees by another employee, supervisor, vendor, customer or any third party on the basis of actual or perceived race, color, creed, religion, national origin, ancestry, citizenship status, age, sex or gender (including pregnancy, childbirth and pregnancy-related conditions), gender identity or expression (including transgender status), sexual orientation, marital status, military service and veteran status, physical or mental disability, genetic information or any other characteristic protected by applicable federal, state or local laws (referred to as "protected characteristics"). Such conduct will not be tolerated by Veterans Health Foundation.

The purpose of this policy is not to regulate our employees' personal morality, but to ensure that no one harasses another individual in the workplace, including while on Company premises, while on Company business (whether or not on Company premises) or while representing the Company. In addition to being a violation of this policy, harassment or retaliation based on any protected characteristic as defined by applicable federal, state, or local laws also is unlawful. For example, sexual harassment and retaliation against an individual because the individual filed a complaint of sexual harassment or because an individual aided, assisted or testified in an investigation or proceeding involving a complaint of sexual harassment as defined by applicable federal, state, or local laws are unlawful.

Harassment Defined

Harassment generally is defined in this policy as unwelcome verbal, visual or physical conduct that denigrates or shows hostility or aversion towards an individual because of any actual or perceived protected characteristic or has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

Harassment can be verbal (including slurs, jokes, insults, epithets, gestures or teasing), visual (including offensive posters, symbols, cartoons, drawings, computer displays, text messages, social media posts or e-mails) or physical conduct (including physically threatening another, blocking someone's way, etc.). Such conduct violates this policy, even if it does not rise to the level of a violation of applicable federal, state or local laws. Because it is difficult to define unlawful harassment, employees are expected to behave at all times in a manner consistent with the intended purpose of this policy.

Sexual Harassment Defined

Sexual harassment can include all of the above actions, as well as other unwelcome conduct, such as unwelcome or unsolicited sexual advances, requests for sexual favors, conversations regarding sexual activities and other verbal, visual or physical conduct of a sexual nature when:

- submission to that conduct or those advances or requests is made either explicitly or implicitly a term or condition of an individual's employment; or
- submission to or rejection of the conduct or advances or requests by an individual is used as the basis for employment decisions affecting the individual; or
- the conduct or advances or requests have the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

Examples of conduct that violate this policy include:

1. unwelcome flirtations, leering, whistling, touching, pinching, assault, blocking normal movement;
2. requests for sexual favors or demands for sexual favors in exchange for favorable treatment;
3. obscene or vulgar gestures, posters or comments;
4. sexual jokes or comments about a person's body, sexual prowess or sexual deficiencies;
5. propositions or suggestive or insulting comments of a sexual nature;
6. derogatory cartoons, posters and drawings;
7. sexually-explicit e-mails, text messages or voicemails;
8. uninvited touching of a sexual nature;
9. unwelcome sexually-related comments;
10. conversation about one's own or someone else's sex life;
11. conduct or comments consistently targeted at only one gender, even if the content is not sexual; and
12. teasing or other conduct directed toward a person because of the person's gender.

Reporting Procedures

If the employee has been subjected to or witnessed conduct which violates this policy, the employee should immediately report the matter to the Employee's Supervisor or NAVEX. If the employee is unable for any reason to contact this person, or if the employee has not received an initial response within five (5) business days after reporting any incident of what the employee perceives to be harassment, the employee should contact the VHF Administration. If the person toward whom the complaint is directed is one of the individuals indicated above, the employee should contact any higher-level manager in the reporting hierarchy.

Investigation Procedures

Every report of perceived harassment will be fully investigated, and corrective action will be taken where appropriate. All complaints will be kept confidential to the extent possible, but confidentiality cannot be guaranteed. All employees must cooperate with all investigations conducted pursuant to this policy.

Retaliation Prohibited

In addition, the Company will not allow any form of retaliation against individuals who report unwelcome conduct to management or who cooperate in the investigations of such reports in accordance with this policy. If the employee has been subjected to any such retaliation, the employee should report it in the same manner in which the employee would report a claim of perceived harassment under this policy.

Violation of this policy including any improper retaliatory conduct will result in disciplinary action, up to and including termination.

1-5. Drug-Free and Alcohol-Free Workplace

To help ensure a safe, healthy and productive work environment for our employees and others, to protect Company property, and to ensure efficient operations, Veterans Health Foundation has adopted a policy of maintaining a workplace free of drugs and alcohol. This policy applies to all employees and other individuals who perform work for the Company.

The unlawful or unauthorized use, abuse, solicitation, theft, possession, transfer, purchase, sale or distribution of controlled substances (including medical marijuana), drug paraphernalia or alcohol by an individual anywhere on Company premises, while on Company business (whether or not on Company premises) or while representing the Company, is strictly prohibited. Employees and other individuals who work for the Company also are prohibited from reporting to work or working while they are using or under the influence of alcohol or any controlled substances, which may impact the employee's ability to perform their job or otherwise pose safety concerns, except when the use is pursuant to a licensed medical practitioner's instructions and the licensed medical practitioner authorized the employee or individual to report to work. However, this exception does not extend any right to report to work under the influence of medical marijuana or to use medical marijuana as a defense to a positive drug test, to the extent the employee is subject to any drug testing requirement, except as permitted by and in accordance with applicable law.

Violation of this policy will result in disciplinary action, up to and including discharge.

The Company maintains a policy of non-discrimination and will endeavor to make reasonable accommodations to assist individuals recovering from substance and alcohol dependencies, and those who have a medical history which reflects treatment for substance abuse conditions. However, employees may not request an accommodation to avoid discipline for a policy violation. We encourage employees to seek assistance before their substance abuse or alcohol misuse renders them unable to perform the essential functions of their jobs, or jeopardizes the health and safety of any Company employee, including themselves.

1-6. Workplace Violence

Veterans Health Foundation is strongly committed to providing a safe workplace. The purpose of this policy is to minimize the risk of personal injury to employees and damage to Company and personal property.

Veterans Health Foundation does not expect employees to become experts in psychology or to physically subdue a threatening or violent individual. Indeed, Veterans Health Foundation specifically discourages employees from engaging in any physical confrontation with a violent or potentially violent individual. However, Veterans Health Foundation does expect and encourage employees to exercise reasonable judgment in identifying potentially dangerous situations.

Experts in the mental health profession state that prior to engaging in acts of violence, troubled individuals often exhibit one or more of the following behaviors or signs: over-resentment, anger and hostility; extreme agitation; making ominous threats such as bad things will happen to a particular person, or a catastrophic event will occur; sudden and significant decline in work performance; irresponsible, irrational, intimidating, aggressive or otherwise inappropriate behavior; reacting to questions with an antagonistic or overtly negative attitude; discussing weapons and their use, and/or brandishing weapons in the workplace; overreacting or reacting harshly to changes in Company policies and procedures; personality conflicts with co-workers;

obsession or preoccupation with a co-worker or supervisor; attempts to sabotage the work or equipment of a co-worker; blaming others for mistakes and circumstances; or demonstrating a propensity to behave and react irrationally.

Prohibited Conduct

Threats, threatening language or any other acts of aggression or violence made toward or by any Company employee **WILL NOT BE TOLERATED**. For purposes of this policy, a threat includes any verbal or physical harassment or abuse, any attempt at intimidating or instilling fear in others, menacing gestures, flashing of weapons, stalking or any other hostile, aggressive, injurious or destructive action undertaken for the purpose of domination or intimidation. To the extent permitted by law, employees and visitors are prohibited from carrying weapons onto Company premises.

Procedures for Reporting a Threat

All potentially dangerous situations, including threats by co-workers, should be reported immediately to any member of management with whom the employee feels comfortable. Reports of threats may be maintained confidential to the extent maintaining confidentiality does not impede Veterans Health Foundation's ability to investigate and respond to the complaints. All threats will be promptly investigated. All employees must cooperate with all investigations. No employee will be subjected to retaliation, intimidation or disciplinary action as a result of reporting a threat in good faith under this policy.

If the Company determines, after an appropriate good faith investigation, that someone has violated this policy, the Company will take swift and appropriate corrective action.

If the employee is the recipient of a threat made by an outside party, that employee should follow the steps detailed in this section. It is important for the Company to be aware of any potential danger in its offices. Indeed, the Company wants to take effective measures to protect everyone from the threat of a violent act by employees or by anyone else.

Section 2 - Operational Policies

2-1. Employee Classifications

For purposes of this handbook, all employees fall within one of the classifications below.

Full-Time Employees - Employees who regularly work at least 30 hours per week who were not hired on a short-term basis.

Part-Time Regular Employees - Employees who regularly work fewer than 30 hours per week who were not hired on a short-term basis.

Temporary (Full or Part Time) Students/Employees - Employees who are hired as interim replacements to temporarily supplement the workforce or to assist in the completion of a specific project and/or who are temporarily scheduled to work the company's full-time schedule for a limited duration, of 6 months or less.

Employment beyond any initially stated period does not in any way imply a change in employment status. During that period of time, the employee is not eligible for any benefits that the Company offers, but are eligible to receive statutory benefits. If employment is continued beyond 6 months, PTO shall begin to accrue for full-time employees and part time regular employees. Health insurance eligibility shall be activated on the first business day after the end of the 6 month period.

In addition to the above classifications, employees are categorized as either "**exempt**" or "**non-exempt**" for purposes of federal and state wage and hour laws. Employees classified as exempt do not receive overtime pay; they generally receive the same weekly salary regardless of hours worked. Such salary may be paid less frequently than weekly. The employee will be informed of these classifications upon hire and informed of any subsequent changes to the classifications.

2-2. Your Employment Records

In order to obtain their position, employees have provided personal information, such as address and telephone number. This information is contained in their personnel file.

Employees should keep their personnel file up to date by informing the VHF Administration of any changes. Employees also should inform the VHF Administration of any specialized training or skills they acquire, as well as any changes to any required visas. Unreported changes of address, marital status, etc. can affect withholding tax and benefit coverage. Further, an "out of date" emergency contact or an inability to reach employees in a crisis could cause a severe health or safety risk or other significant problem.

2-3. Background and Reference Checks

Veterans Health Foundation employees will be required to have and maintain a valid Without Compensation (WOC) appointment from the VA, prior to receiving compensation from the Foundation, as per the directive of Title 38, of the VHA Handbook. This arrangement provides coverage under the Federal Tort Claims Act. It also subjects the employees of Veterans Health Foundation to the VA rules and regulations. This process involves an extensive background check. Background checks may include verification of any information on the applicant's resume or application form and calls to references.

All offers of employment are contingent on receipt of a background check report that is acceptable to Veterans Health Foundation. All background checks are conducted in conformity with the Federal Fair Credit Reporting Act, the Americans with Disabilities Act, and state and federal privacy and antidiscrimination laws. Reports are kept confidential and are only viewed by individuals involved in the hiring process.

If information obtained in a background check would lead Veterans Health Foundation to deny employment, a copy of the report will be provided to the applicant, and the applicant will have the opportunity to dispute the report's accuracy. Background checks may include a criminal record check, although a criminal conviction does not automatically bar an applicant from employment.

Additional checks such as a driving record or credit report may be made on applicants for particular job categories if appropriate and job related.

Veterans Health Foundation also reserves the right to conduct a background check for current employees to determine eligibility for promotion or reassignment in the same manner as described above.

2-4. Anniversary Date

The first day you report to work will be recorded as your anniversary date.

Your anniversary date may be used in determining certain employee benefits, such as time-off. Employees will not lose credit for service with the Company provided their last day of service was within 30 days of again becoming an active employee.

2-5. Re-Hires

Former employees who left Veterans Health Foundation in good standing and were classified as eligible for rehire may be considered for reemployment. An application must be submitted and the applicant must meet all minimum qualifications and requirements of the position. Supervisors must obtain approval from the CEO prior to rehiring a former employee. Rehired employees begin benefits just as any other new employee. Previous tenure will not be considered in calculating longevity, leave accruals or any other benefits. An applicant or employee who is terminated for violating policy or who resigned in lieu of termination from employment due to a policy violation will be ineligible for rehire.

2-6. Personal Identify Verification (PIV) Card

You may be issued a PIV card upon hire. It must be worn where it can be seen at all times when you are working on VA premises. You will be required to follow all VA policies and procedures regarding the use of the PIV card.

2-7. Working Hours and Schedule

The work hours for Exempt staff is determined by time needed to fulfill their specific job responsibilities rather than by schedules or shifts.

Non-Exempt:

Non-Exempt employees will ordinarily work eight hours Monday through Friday with the exact scheduled

hours and days to be determined by each supervisor.

An employee is expected to report to work at his/her established starting time. If the employee is, absent or unavoidably detained, he/she should notify his/her supervisor as soon as they are aware of the delay or absence. Not only is prompt notification a matter of courtesy, it also permits the supervisor to make any necessary adjustments to work assignments in a timely manner. To accommodate the needs of our business, at some point we may need to change individual work schedules on either a short-term or long-term basis.

2-8. Timekeeping Procedures

Employees must record their actual time worked for payroll and benefit purposes. Non-exempt employees must record the time work begins and ends, as well as the beginning and ending time of any departure from work for any non-work-related reason, on forms as prescribed by management.

Altering, falsifying or tampering with time records is prohibited and subjects the employee to discipline, up to and including discharge.

Exempt employees are required to record their daily work attendance and report full days of absence from work for reasons such as leaves of absence, sick leave or personal business.

Non-exempt employees may not start work until their scheduled starting time.

It is the employee's responsibility to sign time records to certify the accuracy of all time recorded. Any errors in the time record should be reported immediately to a supervisor, who will attempt to correct legitimate errors.

2-9. Overtime

Like most successful companies, Veterans Health Foundation experiences periods of extremely high activity. During these busy periods, additional work is required from all of us. Supervisors are responsible for monitoring business activity and requesting overtime work if it is necessary. Effort will be made to provide employees with adequate advance notice in such situations.

Any non-exempt employee who works overtime will be compensated at the rate of one and one-half times (1.5) their normal hourly wage for all time worked in excess of 40 hours each week, unless otherwise required by law.

Hours credited for PTO, bereavement and holiday pay do not count as hours in calculating overtime.

Employees may work overtime only with prior management authorization.

For purposes of calculating overtime for non-exempt employees, the workweek begins at 12 a.m. on Monday and ends 168 hours later at 12 a.m. on the following Monday.

2-10. Safe Harbor Policy for Exempt Employees

It is Veterans Health Foundation's policy and practice to accurately compensate employees and to do so in compliance with all applicable state and federal laws. To ensure proper payment and that no improper deductions are made, employees must review pay stubs promptly to identify and report all errors.

Those classified as exempt salaried employees will receive a salary which is intended to compensate them for

all hours they may work for Veterans Health Foundation. This salary will be established at the time of hire or classification as an exempt employee. While it may be subject to review and modification from time to time, such as during salary review times, the salary will be a predetermined amount that will not be subject to deductions for variations in the quantity or quality of the work performed.

Under federal and state law, salary is subject to certain deductions. For example, unless state law requires otherwise, salary can be reduced for the following reasons:

- full-day absences for personal reasons;
- full-day absences for sickness or disability if the deduction is made in accordance with a bona fide plan, policy or practice of providing wage replacement benefits for such absences (deductions also may be made for the exempt employee's full-day absences due to sickness or disability before the employee has qualified for the plan, policy or practice or after the employee has exhausted the leave allowance under the plan);
- full-day disciplinary suspensions for infractions of our written policies and procedures;
- Family and Medical Leave Act absences (either full- or partial-day absences);
- to offset amounts received as payment from the court for jury and witness fees or from the military as military pay;
- the first or last week of employment in the event the employee works less than a full week; and
- any full work week in which the employee does not perform any work.

Salary may also be reduced for certain types of deductions such as a portion of health, dental or life insurance premiums; state, federal or local taxes; social security; or voluntary contributions to a 401(k) or pension plan.

In any work week in which the employee performed any work, salary will not be reduced for any of the following reasons:

- partial day absences for personal reasons, sickness or disability;
- an absence because the Company has decided to close a facility on a scheduled work day;
- absences for jury duty, attendance as a witness, or military leave in any week in which the employee performed any work (subject to any offsets as set forth above); and
- any other deductions prohibited by state or federal law.

However, unless state law provides otherwise, deductions may be made to accrued leave for full- or partial-day absences for personal reasons, sickness or disability.

If employees believe they have been subject to any improper deductions, they should immediately report the matter to a supervisor. If the supervisor is unavailable or if the employee believes it would be inappropriate to contact that person (or if the employee has not received a prompt and fully acceptable reply), they should immediately contact CEO or any other supervisor in Veterans Health Foundation with whom the employee feels comfortable.

2-11. Your Paycheck

Employees will be paid bi-weekly for all the time worked during the past pay period.

When our payday is a holiday, you normally will be paid on the last working day before the holiday.

Payroll stubs itemize deductions made from gross earnings. By law, Veterans Health Foundation is required to

make deductions for Social Security, federal income tax and any other appropriate taxes. These required deductions also may include any court-ordered garnishments. Payroll stubs also will differentiate between regular pay received and overtime pay received.

If there is an error in any employee's pay, the employee should bring the matter to the attention of the VHF Administration immediately so the Company can resolve the matter quickly and amicably.

Paychecks will be given only to the employee, unless the employee requests that they be mailed or authorizes in writing that another person may accept the check.

Employees can also access pay information on www.MyADPResource.com or by contacting the Employee Service Center at 800-416-6131 or ESC.Resource@adp.com.

2-12. Direct Deposit

Veterans Health Foundation strongly encourages employees to use direct deposit. Direct deposit can be managed through the ADP Resource website.

2-13. Performance Review

Depending on the employee's position and classification, Veterans Health Foundation endeavors to review performance annually. However, a positive performance evaluation does not guarantee an increase in salary, a promotion or continued employment. Compensation increases and the terms and conditions of employment, including job assignments, transfers, promotions, and demotions, are determined by and at the discretion of management.

In addition to these formal performance evaluations, the Company encourages employees and supervisors to discuss job performance on a frequent and ongoing basis.

2-14. Position Descriptions

Each employee will be given a copy of their position description upon hire and will be asked to sign this document. The description outlines the essential duties and responsibilities of the position. When the duties and/or responsibilities of a position change, the description is revised to reflect those changes. If you have any questions or wish to obtain a copy of your position's job description, please see your supervisor.

2-15. Training

All VHF employees must complete all required VA trainings. The number of required trainings to be completed by each employee is dependent upon your position and responsibilities and determined by your supervisor. Additional trainings may be added or removed at the discretion of your supervisor. Non-completion of these trainings and submission of completed certificates will result in a written reprimand and continued non-compliance can be cause for immediate termination or suspension from your position. The trainings listed below will be required to initiate your employment.

Training	All		
Employees			
Privacy and HIPPA Focused Training	Annual		10203
VA Privacy and Information Security Awareness and Rules of Behavior	Annual		10176
Conflict of Interest (COI) Training for VA Nonprofits	One time at hire and annually for key employees		19395
Mandatory Internal Control Training	One time at hire for key employees		15155

2-16. Record Retention

The Company acknowledges its responsibility to preserve information relating to litigation, audits and investigations. Failure on the part of employees to follow this policy can result in possible civil and criminal sanctions against the Company and its employees and possible disciplinary action against responsible individuals (up to and including termination of employment). Each employee has an obligation to contact VHF Administration to inform them of a potential or actual litigation, external audit, investigation or similar proceeding involving the Company that may have an impact on record retention protocols.

VHF maintains a formal document retention policy and procedure. Your immediate supervisor will explain how that policy applies to you and the work that you perform. You must retain all work products in the manner required and for the time period required by our policy. Research records must be maintained according to the VA Record Control Schedule. Never destroy or delete any work product until the retention periods specified by the VHF's policy have been satisfied. Failure to comply with the VHF document retention policy and procedure may result in discipline up to and including discharge.

Section 3 - Benefits

3-1. Benefits Overview

In addition to good working conditions and competitive pay, it is Veterans Health Foundation's policy to provide a combination of supplemental benefits to all eligible employees. In keeping with this goal, each benefit program has been carefully devised. These benefits include time-off benefits, such as vacations and holidays, and insurance and other plan benefits. We are constantly studying and evaluating our benefits programs and policies to better meet present and future requirements. These policies have been developed over the years and continue to be refined to keep up with changing times and needs.

The next few pages contain a brief outline of the benefits programs Veterans Health Foundation provides employees and their families. Of course, the information presented here is intended to serve only as guidelines.

The descriptions of the insurance and other plan benefits merely highlight certain aspects of the applicable plans for general information only. The details of those plans are spelled out in the official plan documents, which are available for review upon request from the VHF Administration. Additionally, the provisions of the plans, including eligibility and benefits provisions, are summarized in the summary plan descriptions ("SPDs") for the plans (which may be revised from time to time). In the determination of benefits and all other matters under each plan, the terms of the official plan documents shall govern over the language of any descriptions of the plans, including the SPDs and this handbook.

Further, Veterans Health Foundation (including the officers and administrators who are responsible for administering the plans) retains full discretionary authority to interpret the terms of the plans, as well as full discretionary authority with regard to administrative matters arising in connection with the plans and all issues concerning benefit terms, eligibility and entitlement.

While the Company intends to maintain these employee benefits, it reserves the absolute right to modify, amend or terminate these benefits at any time and for any reason.

If employees have any questions regarding benefits, they should contact the VHF Administration.

3-2. Paid Holidays

Veterans Health Foundation observes all ten (10) federal holidays. PTO cannot be used to pay an employee on designated holidays which are:

- New Year's Day
- Presidents Day
- Martin Luther King Jr. Day
- Memorial Day
- Independence Day
- Labor Day
- Columbus Day
- Veterans Day
- Thanksgiving Day
- Christmas Day

Full time employees are eligible to receive full holiday pay.

Part-time regular employees who are scheduled to work on an observed holiday will be compensated at a pro-rated number of hours (i.e. 20 hours per week equals 4 holiday hours paid by VHF). Full time, non-exempt employees will receive 8 hours of Holiday pay. Should your tour of duty normally exceed 8 hours on the holiday you have the option to work the difference during the week of the holiday, or use PTO hours to supplement a normal tour of duty (i.e. 10 hour daily tour you would receive 8 hours holiday and 2 hours PTO). Employees may also elect to take the time as unpaid.

When a designated holiday falls on a Saturday, it will be observed on the preceding Friday; when the holiday falls on a Sunday, it will be observed on the following Monday.

Students, Part-time and temporary employees are not eligible for holiday pay.

Eligible employees who are called in to work on a holiday will receive one (1) day's pay at their regular straight-time rate, and an additional payment of straight-time for the actual time they work that day.

3-3. Paid Time Off

We know how hard you work and recognize the importance of providing you with time for rest and relaxation. We fully encourage you to get this rest by taking your PTO. Time off under this policy includes extended time off, such as for a vacation, and incidental time due to sickness or to handle personal affairs.

Full-time employees are eligible to accrue PTO. Part-time regular employees will earn the equivalent amount of leave in a pro-rated fashion. Part-time, temporary or student employees are not eligible for PTO. Please refer to Section 3-4 regarding paid sick time.

Employees will begin to accrue PTO at hire for the remaining pay periods of the year. A full year contains 26 pay periods. PTO accrues at the rates specified below:

- 1-3 full calendar years of employment- 6 hours per pay period.
- After 3 full calendar years of employment- 8 hours per pay period
 - Employees who have been employed by the Foundation prior to January 1, 2017 are entitled to a grandfathered rate of 8.31 hours per pay period
- After 10 full calendar years of employment- 10 hours per pay period.

If you wish to use five (5) or more full days of PTO consecutively, you must submit a request at least two (2) weeks in advance of your requested time off. Similar notice should be provided for planned time off of shorter duration and should be made via the ADP EZ Labor Portal. Every effort will be made to grant your request, consistent with our operating schedule. However, if too many people request the same period of time off, the Company reserves the right to choose who may take time off during that period. Individuals with the longest length of service generally will be given preference.

If you will be out of work due to illness or due any other emergency for which notice could not be provided,

you must call in and notify your Supervisor as early as possible, but at least by the start of your workday. If you call in sick for three (3) or more consecutive days, you may be required to provide your Supervisor with a doctor's note on the day you return to work.

Full time Employees are permitted to borrow up to 40 hours of PTO. Part Time Regular employees are permitted to borrow up to 20 hours, however, if the employee leaves the Company with a negative PTO balance the dollar amount will be taken from the employee's final paycheck.

Accrued, unused PTO is paid out upon separation, unless otherwise required by law. A max of 40 hours will be paid out at separation. Supervisors must provide 4 weeks' notice and non-management employees must provide 2 weeks to be paid out for earned PTO.

Full time Employees may carry over up to 40 hours of unused PTO from one calendar year to the next. Part time regular employees may carry over up to 20 hours of unused PTO from one calendar year to the next.

Employees should contact their immediate Supervisor or VHF Administration for details on PTO accrual and use.

3-4. Pittsburgh Paid Sick Time

Eligibility

Veterans Health Foundation provides paid sick time to employees who work in the City of Pittsburgh for at least 35 hours in the calendar year in accordance with the Paid Sick Days Act (the "Ordinance"). For employees who work in the City of Pittsburgh who are eligible for sick time under the general Sick Days policy and/or any other applicable sick time/leave law or ordinance, this policy applies solely to the extent it provides greater benefits/rights on any specific issue or issues than the general Sick Days policy and/or any other applicable sick time/leave law or ordinance.

Accrual

Employees begin accruing paid sick time pursuant to this policy on March 15, 2020 or at the start of employment, whichever is later. Employees accrue one (1) hour for every 35 hours worked, up to a maximum accrual of 40 hours each calendar year. Exempt employees are assumed to work 40 hours in each workweek unless their normal workweek is less than 40 hours, in which case paid sick time accrues based upon that normal workweek. For purposes of this policy, the calendar year is the consecutive 12-month period beginning January 1 and ending on December 31.

Usage

Employees may use paid sick time on the 90th calendar day following commencement of employment. Paid sick time may be used in the smaller of hourly increments or the smallest increment that the payroll system uses to account for absences or use of other time. Employees may not use more than their maximum hours of paid sick time in any calendar year.

Employees may use paid sick time for absences due to:

- their mental or physical illness, injury or health condition; their personal need for medical diagnosis, care or treatment of a mental or physical illness, injury or health condition; their personal need for preventive medical care;
- care of a family member with a mental or physical illness, injury or health condition; care of a family

member who needs medical diagnosis, care or treatment of a mental or physical illness, injury or health condition; care of a family member who needs preventive medical care; or

- closure of the employee's place of business by order of a public official due to a public health emergency or the employee's need to care for a child whose school or place of care has been closed by order of a public official due to a public health emergency, or care for a family member when it has been determined by the health authorities having jurisdiction or by a health care provider that the family member's presence in the community may jeopardize the health of others because of the family member's exposure to a communicable disease, whether or not the family member has actually contracted the communicable disease.

For purposes of this policy, family member includes:

- a biological, adopted or foster child, stepchild or legal ward, a child of a domestic partner, or a child to whom the employee stands in loco parentis;
- a biological, foster, stepparent or adoptive parent or legal guardian of the employee or the employee's spouse or domestic partner or a person who stood in loco parentis when the employee was a minor child;
- a person to whom the employee is legally married under the laws of any state;
- a grandparent or spouse or domestic partner of a grandparent;
- a grandchild;
- a biological, foster or adopted sibling;
- a domestic partner; or
- any individual for whom the employee has received oral permission from the employer to care for at the time of the employee's request to make use of sick time.

An employee's use of paid sick time will not be conditioned upon searching for or finding a replacement worker.

Unless the employee advises otherwise, the Company will assume, subject to applicable law, that employees want to use available paid sick time for absences for reasons set forth above and they will be paid for such absences to the extent they have paid sick time available.

Notice and Documentation

Requests to use paid sick time may be made orally, in writing, or electronically (e.g., via email), and whenever possible, the request must include the expected duration of the absence. When the use of paid sick time is foreseeable, the employee is required to make a good faith effort to provide notice of the need for such time to the VHF Administration seven (7) days in advance of the use of the paid sick time or as early as possible under the circumstances and make a reasonable effort to schedule the use of earned paid sick time in a manner that does not unduly disrupt operations. When the use of paid sick time is not foreseeable, the employee is required to provide notice to the VHF Administration at least one (1) hour prior to the start of the workday or as soon as possible under the circumstances.

For paid sick time of three (3) or more full consecutive days, the Company may require reasonable documentation that the paid sick time has been used for a covered purpose. Documentation signed by a health care professional indicating that sick time is necessary shall be considered reasonable documentation. Documentation provided to the Company should not explain the nature of the illness or health condition.

Payment

Paid sick time will be paid at the same base rate of pay and with the same benefits, including health care benefits, as the employee would have earned at the time of their use of the paid sick time, but no less than the applicable minimum wage, unless otherwise required by applicable law. Use of paid sick time is not considered hours worked for purposes of calculating overtime.

Carryover and Payout

Employees may carry over up to 40 hours of accrued, unused paid sick time to the following calendar year. Unused paid sick time will not be paid at separation.

Enforcement and Retaliation

The Company prohibits retaliation or discrimination against employees because they have exercised rights protected under the Ordinance. Such rights include but are not limited to the right to use sick time pursuant to the Ordinance; the right to file a complaint with the Mayor's Office of Equity; the right to inform any person about any employer's alleged violations of this Ordinance; and the right to inform employees of their potential rights under the Ordinance. Employees may file a complaint if sick time is denied or if they are subjected to retaliation for requesting or taking sick time.

Questions about rights and responsibilities under the law can be answered by the VHF Administration.

3-5. Lactation Breaks

Veterans Health Foundation will provide a reasonable amount of break time to accommodate employees desiring to express breast milk for their infant child, in accordance with and to the extent required by applicable law. The break time, if possible, must run concurrently with rest and meal periods already provided. If the break time cannot run concurrently with rest and meal periods already provided, the break time will be unpaid, subject to applicable law.

The Company will make reasonable efforts to provide employees with the use of a room or location other than a toilet stall to express milk in private. This location may be the employee's private office, if applicable. The Company may not be able to provide additional break time if doing so would seriously disrupt the Company's operations, subject to applicable law. Please consult the VHF Administration with questions regarding this policy.

Employees should advise management if they need break time and an area for this purpose. Employees will not be discriminated against or retaliated against for exercising their rights under this policy.

3-6. Workers' Compensation

On-the-job injuries are covered by Veterans Health Foundation's Workers' Compensation Insurance Policy, which is provided at no cost. If employees are injured on the job, no matter how slightly, they should report the incident immediately to their supervisor. Failure to follow Company procedures may affect the ability of employees to receive Workers Compensation benefits.

This is solely a monetary benefit and not a leave of absence entitlement. Employees who need to miss work due to a workplace injury must also request a formal leave of absence. See the Leave of Absence sections of this handbook for more information.

3-7. Jury Duty

Veterans Health Foundation realizes that it is the obligation of all U.S. citizens to serve on a jury when summoned to do so. All employees will be allowed time off to perform such civic service as required by law. Employees are expected, however, to provide proper notice of a request to perform jury duty and verification of their service.

Employees also are expected to keep management informed of the expected length of jury duty service and to report to work for the major portion of the day if excused by the court. If the required absence presents a serious conflict for management, employees may be asked to try to postpone jury duty.

Employees on jury duty leave will be paid for their jury duty service in accordance with state law; however, exempt employees will be paid their full salary for any week in which time is missed due to jury duty if work is performed for the Company during such week.

3-8. Bereavement Leave

We know the death of a family member is a time when you wish to be with the rest of your family. If you are a full-time employee and you lose a member of your immediate family, you will be allowed paid time off of up to three (3) days to assist in attending to your obligations and commitments. For the purposes of this policy, a member of your immediate family includes a spouse, domestic/civil union partner, child, child of domestic partner, parent, parent in law, parent of domestic partner, sibling, grandparent or grandchild or any other relation required by applicable law.

Full-time employees are eligible for one paid day to attend the funeral of aunts, uncles, nieces and nephews.

The pay for time off will be prorated for a part-time employee if the funeral occurs on a scheduled work day. Paid leave days only may be taken on regularly scheduled, consecutive workdays following the day of death. You must inform your Supervisor prior to commencing bereavement leave. In administering this policy, the Company may require verification of death.

3-9. Voting Leave

In the event employees do not have sufficient time outside of working hours to vote in a statewide election, if required by state law, the employee may take off enough working time to vote. Such time will be paid if required by state law. This time should be taken at the beginning or end of the regular work schedule. Where possible, supervisors should be notified at least two (2) days prior to the voting day.

3-10. Insurance Programs

Eligible employees may participate in the Company's insurance programs. Under these plans, eligible employees will receive comprehensive health and other insurance coverage for themselves and their families, as well as other benefits. Employees may enroll on the first of the month following thirty days of employment or during the annual open enrollment period. Eligibility may be defined by state law and/or by the insurance contract.

To assist you with the cost of this insurance, Veterans Health Foundation may pay a portion of the premium.

You will be responsible for paying the balance through payroll deduction.

Upon enrolling in these plans, you will receive summary plan descriptions (SPDs) describing the benefits in greater detail. Please refer to the SPDs for detailed plan information. Of course, feel free to speak to VHF Administration if you have any further questions.

3-11. Short-Term Disability

Full-time employees are eligible to participate in the Short-Term Disability plan, subject to all terms and conditions of the agreement between the Veterans Health Foundation and the insurance carrier.

This is solely a monetary benefit and not a leave of absence. Employees who will be out of work must also request a formal leave of absence. See the Leave of Absence sections of this handbook for more information.

3-12. Long-Term Disability Benefits

Full-time employees are eligible to participate in the Long-Term Disability plan, subject to all terms and conditions of the agreement between Veterans Health Foundation and the insurance carrier.

This is solely a monetary benefit and not a leave of absence. Employees who will be out of work must also request a formal leave of absence. See the Leave of Absence sections of this handbook for more information.

3-13. Employee Assistance Program

The Company recognizes that a wide range of problems - such as marital or family distress, alcoholism, and drug abuse - not directly associated with an individual's job function can nonetheless be detrimental to an employee's performance on the job. Consequently, we believe it is in the interest of employees and the Company to provide an effective program to assist employees and their families in resolving problems such as these as the need arises. To this end, the Company provides an Employee Assistance Program (EAP) for employees and their eligible family members. The EAP is designed to provide voluntary, private, confidential, and professional counseling outside the workplace for any type of personal problem. The EAP provides consultation services for referrals to local community treatment sources. All employees are eligible to use this program and are encouraged to do so. Employee visits to the EAP are held in confidence to the maximum possible extent.

Participation in the EAP does not excuse employees from otherwise complying with Company policies or from meeting normal job requirements during or after receiving assistance. Nor will participation in our employee assistance program prevent the Company from taking disciplinary action against any employee for performance problems that occur before, during, or after the employee seeks assistance through the program.

Further details can be obtained by contacting an EAP counselor at (855) 268-1006.

3-14. Retirement Plan

Eligible employees are able to participate in Veterans Health Foundation's retirement plan. Plan participants may make pre-tax contributions to a retirement account.

Upon becoming eligible to participate in this plan, employees will receive an SPD describing the plan in greater detail. Please refer to the SPD for detailed plan information. Of course, feel free to speak to the VHF Administration if there are any further questions.

Section 4 - Leaves of Absence

4-1. Personal Leave

If employees are ineligible for any other Company leave of absence, Veterans Health Foundation, under certain circumstances, may grant a personal leave of absence without pay. A written request for a personal leave should be presented to management at least two (2) weeks before the anticipated start of the leave. If the leave is requested for medical reasons and employees are not eligible for leave under the federal Family and Medical Leave Act (FMLA) or any state leave law, medical certification also must be submitted. The request will be considered on the basis of staffing requirements and the reasons for the requested leave, as well as performance and attendance records. Normally, a leave of absence will be granted for a period of up to eight (8) weeks. However a personal leave may be extended if, prior to the end of leave, employees submit a written request for an extension to management and the request is granted. During the leave, employees will not earn vacation, personal days or sick days. We will continue health insurance coverage during the leave if employees submit their share of the monthly premium payments to the Company in a timely manner, subject to the terms of the plan documents.

When the employee anticipates returning to work, he or she should notify management of the expected return date. This notification should be made at least one week before the end of the leave.

Upon completion of the personal leave of absence, the Company will attempt to return employees to their original job or a similar position, subject to prevailing business considerations. Reinstatement, however, is not guaranteed.

Failure to advise management of availability to return to work, failure to return to work when notified or a continued absence from work beyond the time approved by the Company will be considered a voluntary resignation of employment.

Personal leave runs concurrently with any Company-provided Short-Term Disability Leave of Absence.

4-2. Military Leave

If employees are called into active military service or enlist in the uniformed services, they will be eligible to receive an unpaid military leave of absence. To be eligible for military leave, employees must provide management with advance notice of service obligations unless they are prevented from providing such notice by military necessity or it is otherwise impossible or unreasonable to provide such notice. Provided the absence does not exceed applicable statutory limitations, employees will retain reemployment rights and accrue seniority and benefits in accordance with applicable federal and state laws. Employees should ask management for further information about eligibility for Military Leave.

If employees are required to attend yearly Reserves or National Guard duty, they can apply for an unpaid temporary military leave of absence not to exceed the number of days allowed by law (including travel). They should give management as much advance notice of their need for military leave as possible so that Veterans Health Foundation can maintain proper coverage while employees are away.

4-3. Disability Leave

Full-time employees and part-time regular employees are eligible for an unpaid disability leave after completing their introductory period. Disability leave due to non-occupational illness, injury or pregnancy related disability is not to exceed 12 weeks. Employees are required to use their accrued PTO as an income replacement while on disability leave. No additional benefits will continue to accrue while an employee is out on disability leave. Granting this leave prior to the completion of the eligibility period and/or beyond the maximum period stated above may be required as a reasonable accommodation in accordance with the Americans with Disabilities Act or due to state law or other requirements. Employees requesting leave must provide written notice of the disability, including a doctor's certificate stating the nature of the disability and the expected date of return to work. The Foundation will not seek genetic information in connection with requests for disability leave. All medical information received by the Foundation in connection with a request for leave under this policy will be treated as confidential. To the extent allowed by the insurance contract and applicable laws, we will continue to provide medical insurance, dental insurance and vision care insurance coverage for employees on authorized disability leave for the full length of the 12 week disability leave. During this time you will be responsible for paying your portion of the monthly premium(s). When the above period expires, you may continue your medical insurance, dental insurance and vision care insurance coverage by making arrangements with the Administrative Office to pay the entire monthly premium in advance each month. When you are able to return to work, give us at least one week's advance written notice. Include a doctor's certificate stating that you are medically able to return to your normal duties. We reserve the right to require a physical examination by a physician of our own choosing prior to your resumption of duties, as allowed by state law.

We will return you to the same or similar position you held prior to the disability leave, subject to our staffing and business requirements. Your continued absence from work beyond your disability (as determined by your physician) will be deemed a voluntary discharge of your employment.

This leave may run concurrently with any other leave where permitted by state and federal law.

Section 5 - General Standards of Conduct

5-1. Workplace Conduct

Veterans Health Foundation endeavors to maintain a positive work environment. Each employee plays a role in fostering this environment. Accordingly, we all must abide by certain rules of conduct, based on honesty, common sense and fair play.

Because everyone may not have the same idea about proper workplace conduct, it is helpful to adopt and enforce rules all can follow. Unacceptable conduct may subject the offender to disciplinary action, up to and including discharge, in the Company's sole discretion. The following are examples of some, but not all, conduct which can be considered unacceptable:

1. Obtaining employment on the basis of false or misleading information.
2. Stealing, removing or defacing Veterans Health Foundation property or a co-worker's property, and/or disclosure of confidential information.
3. Completing another employee's time records.
4. Violation of safety rules and policies.
5. Violation of Veterans Health Foundation's Drug and Alcohol-Free Workplace Policy.
6. Fighting, threatening or disrupting the work of others or other violations of Veterans Health Foundation's Workplace Violence Policy.
7. Failure to follow lawful instructions of a supervisor.
8. Failure to perform assigned job duties.
9. Violation of the Punctuality and Attendance Policy, including but not limited to irregular attendance, habitual lateness or unexcused absences.
10. Gambling on Company property.
11. Willful or careless destruction or damage to Company assets or to the equipment or possessions of another employee.
12. Wasting work materials.
13. Performing work of a personal nature during working time.
14. Violation of the Solicitation and Distribution Policy.
15. Violation of Veterans Health Foundation's Harassment or Equal Employment Opportunity Policies.
16. Violation of the Communication and Computer Systems Policy.
17. Unsatisfactory job performance.
18. Any other violation of Veterans Health Foundation policy.

Obviously, not every type of misconduct can be listed. Note that all employees are employed at-will, and Veterans Health Foundation reserves the right to impose whatever discipline it chooses, or none at all, in a particular instance. The Company will deal with each situation individually and nothing in this handbook should be construed as a promise of specific treatment in a given situation. However, Veterans Health Foundation will endeavor to utilize progressive discipline but reserves the right in its sole discretion to terminate the employee at any time for any reason.

The observance of these rules will help to ensure that our workplace remains a safe and desirable place to work.

5-2. Punctuality and Attendance

Employees are hired to perform important functions at Veterans Health Foundation. As with any group effort, operating effectively takes cooperation and commitment from everyone. Therefore, attendance and punctuality are very important. Unnecessary absences and lateness are expensive, disruptive and place an unfair burden on fellow employees and Supervisors. We expect excellent attendance from all employees. Excessive absenteeism or tardiness will result in disciplinary action up to and including discharge.

We do recognize, however, there are times when absences and tardiness cannot be avoided. In such cases, employees are expected to notify Supervisors as early as possible, but no later than the start of the work day. Asking another employee, friend or relative to give this notice is improper and constitutes grounds for disciplinary action. Employees should call, stating the nature of the illness and its expected duration, for every day of absenteeism.

Unreported absences of three (3) consecutive work days generally will be considered a voluntary resignation of employment with the Company.

5-3. Use of Communications and Computer Systems

Veterans Health Foundation's communication and computer systems are intended primarily for business purposes; however limited personal usage is permitted if it does not hinder performance of job duties or violate any other Company policy. This includes the voice mail, e-mail and Internet systems. Users have no legitimate expectation of privacy in regard to their use of the Veterans Health Foundation systems.

Veterans Health Foundation may access the voice mail and e-mail systems and obtain the communications within the systems, including past voice mail and e-mail messages, without notice to users of the system, in the ordinary course of business when the Company deems it appropriate to do so. The reasons for which the Company may obtain such access include, but are not limited to: maintaining the system; preventing or investigating allegations of system abuse or misuse; assuring compliance with software copyright laws; complying with legal and regulatory requests for information; and ensuring that Company operations continue appropriately during the employee's absence.

Further, Veterans Health Foundation may review Internet usage to ensure that such use with Company property, or communications sent via the Internet with Company property, are appropriate. The reasons for which the Company may review employees' use of the Internet with Company property include, but are not limited to: maintaining the system; preventing or investigating allegations of system abuse or misuse; assuring compliance with software copyright laws; complying with legal and regulatory requests for information; and ensuring that Company operations continue appropriately during the employee's absence.

The Company may store electronic communications for a period of time after the communication is created. From time to time, copies of communications may be deleted.

The Company's policies prohibiting harassment, in their entirety, apply to the use of Company's communication and computer systems. No one may use any communication or computer system in a manner that may be construed by others as harassing or offensive based on race, national origin, sex, sexual orientation, age, disability, religious beliefs or any other characteristic protected by federal, state or local law.

Further, since the Company's communication and computer systems are intended for business use, all employees, upon request, must inform management of any private access codes or passwords.

Unauthorized duplication of copyrighted computer software violates the law and is strictly prohibited.

No employee may access, or attempt to obtain access to, another employee's computer systems without appropriate authorization.

Violators of this policy may be subject to disciplinary action, up to and including discharge.

5-4. Use of Social Media

Veterans Health Foundation respects the right of any employee to maintain a blog or web page or to participate in a social networking, Twitter or similar site, including but not limited to Facebook and LinkedIn. However, to protect Company interests and ensure employees focus on their job duties, employees must adhere to the following rules:

Employees may not post on a blog or web page or participate on a social networking platform, such as Twitter or similar site, during work time or at any time with Company equipment or property.

All rules regarding confidential and proprietary business information apply in full to blogs, web pages and social networking platforms, such as Twitter, Facebook, LinkedIn or similar sites. Any information that cannot be disclosed through a conversation, a note or an e-mail also cannot be disclosed in a blog, web page or social networking site.

Whether the employees are posting something on their own blog, web page, social networking, Twitter or similar site or on someone else's, if the employee mentions the Company and also expresses either a political opinion or an opinion regarding the Company's actions that could pose an actual or potential conflict of interest with the Company, the poster must include a disclaimer. The poster should specifically state that the opinion expressed is his/her personal opinion and not the Company's position. This is necessary to preserve the Company's good will in the marketplace.

Any conduct that is impermissible under the law if expressed in any other form or forum is impermissible if expressed through a blog, web page, social networking, Twitter or similar site. For example, posted material that is discriminatory, obscene, defamatory, libelous or violent is forbidden. Company policies apply equally to employee social media usage.

Veterans Health Foundation encourages all employees to keep in mind the speed and manner in which information posted on a blog, web page, and/or social networking site is received and often misunderstood by readers. Employees must use their best judgment. Employees with any questions should review the guidelines above and/or consult with their manager. Failure to follow these guidelines may result in discipline, up to and including discharge.

5-5. Personal and Company-Provided Portable Communication Devices

Veterans Health Foundation-provided portable communication devices (PCDs), including cell phones and personal digital assistants, should be used primarily for business purposes. Employees have no reasonable expectation of privacy in regard to the use of such devices, and all use is subject to monitoring, to the maximum extent permitted by applicable law. This includes, as permitted, the right to monitor personal communications as necessary.

Some employees may be authorized to use their own PCD for business purposes. These employees should

work with the IT department to configure their PCD for business use. Communications sent via a personal PCD also may subject to monitoring if sent through the Company's networks and the PCD must be provided for inspection and review upon request.

All conversations, text messages and e-mails must be professional. When sending a text message or using a PCD for business purposes, whether it is a Company-provided or personal device, employees must comply with applicable Company guidelines, including policies on sexual harassment, discrimination, conduct, confidentiality, equipment use and operation of vehicles. Using a Company-issued PCD to send or receive personal text messages is prohibited at all times and personal use during working hours should be limited to emergency situations.

If employees who use a personal PCD for business resign or are discharged, they will be required to submit the device to the IT department for resetting on or before their last day of work. At that time, the IT department will reset and remove all information from the device, including but not limited to, Company information and personal data (such as contacts, e-mails and photographs). The IT department will make efforts to provide employees with the personal data in another form (e.g., on a disk) to the extent practicable; however, the employee may lose some or all personal data saved on the device.

Employees may not use their personal PCD for business unless they agree to submit the device to the IT department on or before their last day of work for resetting and removal of Company information. This is the only way currently possible to ensure that all Company information is removed from the device at the time of termination. The removal of Company information is crucial to ensure compliance with the Company's confidentiality and proprietary information policies and objectives.

Please note that whether employees use their personal PCD or a Company-issued device, the Company's electronic communications policies, including but not limited to, proper use of communications and computer systems, remain in effect.

Portable Communication Device Use While Driving

Employees who drive on Company business must abide by all state or local laws prohibiting or limiting PCD (cell phone or personal digital assistant) use while driving. Further, even if usage is permitted, employees may choose to refrain from using any PCD while driving. "Use" includes, but is not limited to, talking or listening to another person or sending an electronic or text message via the PCD.

Regardless of the circumstances, including slow or stopped traffic, if any use is permitted while driving, employees should proceed to a safe location off the road and safely stop the vehicle before placing or accepting a call. If acceptance of a call is absolutely necessary while driving, and permitted by law, employees must use a hands-free option and advise the caller that they are unable to speak at that time and will return the call shortly.

Under no circumstances should employees feel that they need to place themselves at risk to fulfill business needs.

Since this policy does not require any employee to use a cell phone while driving, employees who are charged with traffic violations resulting from the use of their PCDs while driving will be solely responsible for all liabilities that result from such actions.

Texting and e-mailing while driving is prohibited in all circumstances.

5-6. Inspections

Veterans Health Foundation reserves the right to require employees while on Company property, or on client property, to agree to the inspection of their persons, personal possessions and property, personal vehicles parked on Company or client property, and work areas. This includes lockers, vehicles, desks, cabinets, work stations, packages, handbags, briefcases and other personal possessions or places of concealment, as well as personal mail sent to the Company or to its clients. Employees are expected to cooperate in the conduct of any search or inspection.

5-7. Smoking

VHF is committed to providing a safe and healthy environment for employees and visitors. Smoking is allowed only in designated areas. Smoking includes the use of e-cigarettes. Violations of this policy may result in disciplinary action, up to and including discharge.

5-8. Personal Visits and Telephone Calls

If you are expecting a visitor, please notify your immediate supervisor. All visitors must first check in the reception area. Visitors are not allowed in any area of the building without being accompanied by an authorized employee. Under no circumstances will visitors be allowed in confidential, unauthorized, or potentially hazardous areas.

Disruptions during working time can lead to errors and delays. Therefore, we ask that personal telephone calls be kept to a minimum, and only be made or received after working time, or during lunch or break time.

5-9. Solicitation and Distribution

To avoid distractions, solicitation by the employee of another employee is prohibited while either employee is on work time. "Work time" is defined as the time the employee is engaged, or should be engaged, in performing his/her work tasks for Veterans Health Foundation. Solicitation of any kind by non-employees on Company premises is prohibited at all times.

Distribution of advertising material, handbills, printed or written literature of any kind in working areas of the Company is prohibited at all times. Distribution of literature by non-employees on Company premises is prohibited at all times.

5-10. Bulletin Boards

Important notices and items of general interest are continually posted on Veterans Health Foundation bulletin boards. Employees should make it a practice to review bulletin boards frequently. This will assist employees in keeping up with what is current at Veterans Health Foundation. To avoid confusion, employees should not post or remove any material from the bulletin board.

5-11. Confidential Company Information

During the course of work, employees may become aware of confidential information about Veterans Health Foundation's business, including but not limited to information regarding Company finances, pricing, products and new product development, software and computer programs, marketing strategies, suppliers and customers and potential customers. Employees also may become aware of similar confidential information belonging to the Company's clients. It is extremely important that all such information remain confidential, and particularly not be disclosed to Veterans Health Foundation's competitors. Any employee who improperly copies, removes (whether physically or electronically), uses or discloses confidential information to anyone outside of the Company may be subject to disciplinary action up to and including termination. Employees may be required to sign an agreement reiterating these obligations.

5-12. Conflict of Interest and Business Ethics

It is Veterans Health Foundation's policy that all employees avoid any conflict between their personal interests and those of the Company. The purpose of this policy is to ensure that the Company's honesty and integrity, and therefore its reputation, are not compromised. The fundamental principle guiding this policy is that no employee should have, or appear to have, personal interests or relationships that actually or potentially conflict with the best interests of the Company.

It is not possible to give an exhaustive list of situations that might involve violations of this policy. Employees are required to take Conflict of Interest training within 90 days of hire and will be required to sign a COI disclosure. Key employees with company decision making authority will be required to take annual training per VHF's Conflict of Interest Policy.

5-13. Use of Facilities, Equipment and Property, Including Intellectual Property

Equipment essential in accomplishing job duties is often expensive and may be difficult to replace. When using property, employees are expected to exercise care, perform required maintenance, and follow all operating instructions, safety standards and guidelines.

Employees should notify their supervisor if any equipment, machines, or tools appear to be damaged, defective or in need of repair. Prompt reporting of loss, damages, defects and the need for repairs could prevent deterioration of equipment and possible injury to employees or others. Supervisors can answer any questions about the employees' responsibility for maintenance and care of equipment used on the job.

Employees also are prohibited from any unauthorized use of the Company's intellectual property, such as audio and video tapes, print materials and software.

Improper, careless, negligent, destructive, or unsafe use or operation of equipment can result in discipline, up to and including discharge.

Further, the Company is not responsible for any damage to employees' personal belongings unless the employee's supervisor provided advance approval for the employee to bring the personal property to work.

5-14. Health and Safety

The health and safety of employees and others on Company property are of critical concern to Veterans Health Foundation. The Company intends to comply with all health and safety laws applicable to our business. To this end, we must rely upon employees to ensure that work areas are kept safe and free of hazardous conditions. Employees are required to be conscientious about workplace safety, including proper operating methods, and recognize dangerous conditions or hazards. Any unsafe conditions or potential hazards should be reported to management immediately, even if the problem appears to be corrected. Any suspicion of a concealed danger present on the Company's premises, or in a product, facility, piece of equipment, process or business practice for which the Company is responsible should be brought to the attention of management immediately.

Periodically, the Company may issue rules and guidelines governing workplace safety and health. The Company may also issue rules and guidelines regarding the handling and disposal of hazardous substances and waste. All employees should familiarize themselves with these rules and guidelines, as strict compliance will be expected.

Any workplace injury, accident, or illness must be reported to the employee's supervisor as soon as possible, regardless of the severity of the injury or accident.

5-15. Hiring Relatives/Employee Relationships

A familial relationship among employees can create an actual or at least a potential conflict of interest in the employment setting, especially where one relative supervises another relative. To avoid this problem, Veterans Health Foundation may refuse to hire or place a relative in a position where the potential for favoritism or conflict exists.

In other cases, such as personal relationships where a conflict or the potential for conflict arises, even if there is no supervisory relationship involved, the parties may be separated by reassignment or discharged from employment, at the discretion of the Company. Accordingly, all parties to any type of intimate personal relationship must inform management.

If two employees marry, become related, or enter into an intimate relationship, they may not remain in a reporting relationship or in positions where one individual may affect the compensation or other terms or conditions of employment of the other individual. The Company generally will attempt to identify other available positions, but if no alternate position is available, the Company retains the right to decide which employee will remain with the Company.

For the purposes of this policy, a relative is any person who is related by blood or marriage, or whose relationship with the employee is similar to that of persons who are related by blood or marriage.

5-16. Employee Dress and Personal Appearance

Employees are expected to report to work well groomed, clean, and dressed according to the requirements of their position. Some employees may be required to wear uniforms or safety equipment/clothing. Employees should contact their supervisor for specific information regarding acceptable attire for their position. If employees report to work dressed or groomed inappropriately, they may be prevented from working until they return to work well groomed and wearing the proper attire. Please refer to Dept. of Veterans Affairs VA

5-17. Publicity/Statements to the Media

All media inquiries regarding the position of the Company as to any issues must be referred to the CEO or President. Only the CEO or President is authorized to make or approve public statements on behalf of the Company. No employees, unless specifically designated by the CEO or President, are authorized to make those statements on behalf of Company. Any employee wishing to write and/or publish an article, paper, or other publication on behalf of the Company must first obtain approval from the CEO or President.

5-18. Parking

All VHF employees should be aware of Medical Center parking policies as detailed in the Dept. of Veterans Affairs VA Medical Center Memorandum "Parking and Traffic Control".

5-19. Business Expense Reimbursement

Employees will be reimbursed for reasonable approved expenses incurred in the course of business. These expenses must be approved by the employee's Supervisor, and may include air travel, hotels, motels, meals, cab fare, rental vehicles, or gas and car mileage for personal vehicles. All expenses incurred should be submitted to the VHF Administration along with the receipts in a timely manner.

Employees are expected to exercise restraint and good judgment when incurring expenses. Employees should contact their Supervisor in advance if they have any questions about whether an expense will be reimbursed.

5-20. References

Veterans Health Foundation will respond to reference requests through the VHF Administration Department. The Company will provide general information concerning the employee such as date of hire, date of discharge, and positions held. Requests for reference information must be in writing, and responses will be in writing. Please refer all requests for references to the VHF Administration Department.

Only the VHF Administration Department may provide references.

5-21. If You Must Leave Us

Should the employee decide to leave the Company, we ask that they provide a Supervisor with at least two (2) weeks advance notice of departure. Thoughtfulness will be appreciated. All Company property including, but not limited to, keys, security cards, parking passes, laptop computers, fax machines, uniforms, etc., must be returned at separation. Employees also must return all of the Company's Confidential Information upon separation. To the extent permitted by law, employees will be required to repay the Company (through payroll deduction, if lawful) for any lost or damaged Company property. As noted previously, all employees are employed at-will and nothing in this handbook changes that status.

5-22. A Few Closing Words

This handbook is intended to give employees a broad summary of things they should know about Veterans Health Foundation. The information in this handbook is general in nature and, should questions arise, any member of management should be consulted for complete details. While we intend to continue the policies, rules and benefits described in this handbook, Veterans Health Foundation, in its sole discretion, may always amend, add to, delete from or modify the provisions of this handbook and/or change its interpretation of any provision set forth in this handbook. Employees should not hesitate to speak to management if they have any questions about the Company or its personnel policies and practices.

General Handbook Acknowledgment

This Employee Handbook is an important document intended to help employees become acquainted with Veterans Health Foundation. This document is intended to provide guidelines and general descriptions only; it is not the final word in all cases. Individual circumstances may call for individual attention.

Because the Company's operations may change, the contents of this Handbook may be changed at any time, with or without notice, in an individual case or generally, at the sole discretion of management.

Please read the following statements and sign below to indicate your receipt and acknowledgment of this Handbook.

I have received and read a copy of Veterans Health Foundation's Employees Handbook. I understand that the policies, rules and benefits described in it are subject to change at the sole discretion of the Company at any time.

I further understand that my employment is terminable at will, either by myself or the Company, with or without cause or notice, regardless of the length of my employment or the granting of benefits of any kind.

I understand that no representative of Veterans Health Foundation other than the President and/or the CEO may alter "at will" status and any such modification must be in a signed writing.

I understand that my signature below indicates that I have read and understand the above statements and that I have received a copy of the Company's Employee Handbook.

Employee's Printed Name: _____

Employee's Signature: _____

Position: _____

The signed original copy of this acknowledgment should be given to management - it will be filed in your personnel file.

Receipt of Non-Harassment Policy

It is Veterans Health Foundation's policy to prohibit intentional and unintentional harassment of or against job applicants, contractors, interns, volunteers or employees by another employee, supervisor, vendor, customer or any third party on the basis of actual or perceived race, color, creed, religion, national origin, ancestry, citizenship status, age, sex or gender (including pregnancy, childbirth and pregnancy-related conditions), gender identity or expression (including transgender status), sexual orientation, marital status, military service and veteran status, physical or mental disability, genetic information or any other characteristic protected by applicable federal, state or local laws (referred to as "protected characteristics"). Such conduct will not be tolerated by Veterans Health Foundation.

The purpose of this policy is not to regulate our employees' personal morality, but to ensure that no one harasses another individual in the workplace, including while on Company premises, while on Company business (whether or not on Company premises) or while representing the Company. In addition to being a violation of this policy, harassment or retaliation based on any protected characteristic as defined by applicable federal, state, or local laws also is unlawful. For example, sexual harassment and retaliation against an individual because the individual filed a complaint of sexual harassment or because an individual aided, assisted or testified in an investigation or proceeding involving a complaint of sexual harassment as defined by applicable federal, state, or local laws are unlawful.

Harassment Defined

Harassment generally is defined in this policy as unwelcome verbal, visual or physical conduct that denigrates or shows hostility or aversion towards an individual because of any actual or perceived protected characteristic or has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

Harassment can be verbal (including slurs, jokes, insults, epithets, gestures or teasing), visual (including offensive posters, symbols, cartoons, drawings, computer displays, text messages, social media posts or e-mails) or physical conduct (including physically threatening another, blocking someone's way, etc.). Such conduct violates this policy, even if it does not rise to the level of a violation of applicable federal, state or local laws. Because it is difficult to define unlawful harassment, employees are expected to behave at all times in a manner consistent with the intended purpose of this policy.

Sexual Harassment Defined

Sexual harassment can include all of the above actions, as well as other unwelcome conduct, such as unwelcome or unsolicited sexual advances, requests for sexual favors, conversations regarding sexual activities and other verbal, visual or physical conduct of a sexual nature when:

- submission to that conduct or those advances or requests is made either explicitly or implicitly a term or condition of an individual's employment; or
- submission to or rejection of the conduct or advances or requests by an individual is used as the basis for employment decisions affecting the individual; or
- the conduct or advances or requests have the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

Examples of conduct that violate this policy include:

1. unwelcome flirtations, leering, whistling, touching, pinching, assault, blocking normal movement;
2. requests for sexual favors or demands for sexual favors in exchange for favorable treatment;
3. obscene or vulgar gestures, posters or comments;
4. sexual jokes or comments about a person's body, sexual prowess or sexual deficiencies;
5. propositions or suggestive or insulting comments of a sexual nature;
6. derogatory cartoons, posters and drawings;
7. sexually-explicit e-mails, text messages or voicemails;
8. uninvited touching of a sexual nature;
9. unwelcome sexually-related comments;
10. conversation about one's own or someone else's sex life;
11. conduct or comments consistently targeted at only one gender, even if the content is not sexual; and
12. teasing or other conduct directed toward a person because of the person's gender.

Reporting Procedures

If the employee has been subjected to or witnessed conduct which violates this policy, the employee should immediately report the matter to the Employee's Supervisor or NAVEX. If the employee is unable for any reason to contact this person, or if the employee has not received an initial response within five (5) business days after reporting any incident of what the employee perceives to be harassment, the employee should contact the VHF Administration. If the person toward whom the complaint is directed is one of the individuals indicated above, the employee should contact any higher-level manager in the reporting hierarchy.

Investigation Procedures

Every report of perceived harassment will be fully investigated, and corrective action will be taken where appropriate. All complaints will be kept confidential to the extent possible, but confidentiality cannot be guaranteed. All employees must cooperate with all investigations conducted pursuant to this policy.

Retaliation Prohibited

In addition, the Company will not allow any form of retaliation against individuals who report unwelcome conduct to management or who cooperate in the investigations of such reports in accordance with this policy. If the employee has been subjected to any such retaliation, the employee should report it in the same manner in which the employee would report a claim of perceived harassment under this policy.

Violation of this policy including any improper retaliatory conduct will result in disciplinary action, up to and including termination.

I have read and I understand Veterans Health Foundation's Non-Harassment Policy.
